We are excited to introduce these new members. Please support our existing and new Chamber members, welcome them and remember them when you have a need for the products or services that they provide.

Members: If your contact information has changed, please email us at rrnews@aol.com.

Dear Chamber Members:

I think we would all agree that the year 2020 was like no other we've experienced. We learned how to overcome many challenges in our lives that came with the arrival of the Coronavirus in January. We learned how to adjust our work lives as well as our homes lives in light of the new rules put into place to keep ourselves and others safe from the virus.

There are many things most of us missed out on in 2020. Holidays came and went without being able to gather with extended family. Wedding plans were drastically changed, from a large celebration to a small gathering. Funerals of loved ones were not the same due to the social distancing mandates. For those of us with a parent in a nursing home, the heartbreak of not being able to visit with them was overwhelming.

Meeting with fellow Chamber members at our monthly meetings was not possible either. Although we communicated with email blasts to share updates from NOACC on programs offering our businesses help during these trying times, we missed meeting person-to-person and enjoying each other's company over lunch.

We are hopeful that with the new vaccine now beginning to be administered, things will slowly begin to return to normal. We are hoping to be able to return to having our golf outing this year, as well as the summer Community Festival.

We ask you to please take advantage of the many discounts that are available to you through our partnership with NOACC. The list of current benefits is included in this newsletter or visit <http://www.noacc.org> to learn more about each individual program.

A Chamber membership provides excellent networking opportunities. Group buying power for Health Insurance and savings on other programs is also available. Being active in a local Chamber of Commerce is a good strategy for businesses to use.

If you would like to promote your business or an event you are planning, you are able to send an email blast. Our Chamber also provides the service of signing and stamping Certificates of Origin for goods being shipped internationally. If you have need of either of these services, please call our office.

Please remember that we are here to help you, so please call 440.237.6180 or email info@nroyaltonchamber.com if you have a question, comment or suggestion. We thank you for being a part of our Chamber and look forward to seeing you at one of our upcoming events as soon as we are able.
